Florida Recycling Partnership Foundation is a coalition of companies at the forefront of developing and adopting sustainable business practices that not only promote recycling but reduce and reuse our resources.

Their mission is to educate policy makers, business leaders and the public about the benefits of recycling. In the past eight years the organization has grown from five to 26 members and have conducted approximately 20 recycling workshops/summits throughout the state. They are also responsible for coordinating Florida Recycles Week with the Florida Department of Environmental Protection. www.flrecycling.org
